

I AM HORSE

I am Horse
Gift of Creator
Wind given form
I am not Cat
I am not Dog
I am my own Nature
I cannot speak your words
If you would know Me
Ask me
and I shall teach you
Respect Me
Learn My Ways
and I shall be your sharer of burdens
Wind shall dance around us
and laugh in our hearts
when we ride

Love Me
and I will return that love many fold
Disrespect Me
and my Spirit shall leave
My body may serve you
but there will be no Heart
Wind will be cold in your face when
You ride
Do not Fear me
For I am what Creator made me to be
I can only speak to the Spirits that listen
I will test you
For that is my nature
To see that you remember my Words
and know my Nature
Tell me your secrets
and I will keep them safe
and carry them to Creator
I am not as long lived as you
For my Fire burns brightly
and in the fullness of Time
I shall return to Creator
If I am injured or ill beyond Healing
Let Me go with dignity
and My Spirit will give thanks
Do not weep
Look in your heart
I am There
You will feel me when Wind touches
your face
When it is your time to join Creator
I will meet you at the beginning of His
land
and my spirit will carry you to Him
and we will run with Wind
Together
